

MINISTRY OF CULTURE, COMMUNITY AND YOUTH

SG PARTNERSHIPS FUND (SPROUT)

INSTRUCTIONS

About this grant

The SG Partnerships Fund (SGPF) aims to support citizens who want to step up and lead efforts to contribute to the community. If you are an individual, ground-up or SG-registered organisation keen to partner the Government on a project, we provide funding and support to help you succeed.

The SG Partnerships Fund provides tiered support for projects at different levels:

- If you are looking to grow and amplify your project's impact across multiple communities and stakeholder groups, you can apply for the Sprout tier below.
- If you are looking to test a new, small-scale idea that benefits your community, you may wish to explore the [Seed tier](#) instead.
- For projects of larger scale and sector-wide impact, you may wish to explore the [Scale](#) tier instead (applications will open from July 2026).

If you intend to make a profit from this project, your project will not be eligible under this grant.

Need inspiration?

Check out more examples of supportable projects and initiatives here: <https://www.sgpo.gov.sg/feature-stories/>.

Who can apply?

For individuals/ground-up groups

- You must be a Singapore Citizen/Permanent Resident residing in Singapore.
- Singpass will be required to log into OurSG Grants portal to submit an application.
- For ground-up groups, please nominate one representative to submit the application on behalf of the group.

For organisation

- Your organisation must be officially registered and operate in Singapore. This includes Companies/Corporates, Non-profit Organisations, Societies, Cooperatives and Social Enterprises.
- Corppass will be required to log into OurSG Grants portal to submit an application.
- Contact person/applicant must be a Singapore Citizen/Permanent Resident who is residing in Singapore.

When can I apply?

The SG Partnerships Fund (Sprout) tier is open for applications from January - February, April - May, July - August and October - November.

How much funding can you receive?

Successful applicants may receive funding for up to 80% of supportable costs for your project, capped at \$50,000 and up to 2 years. Final approved funding amounts will depend on assessment of project merit, supportable costs and actual expenditures.

Up to 40% of approved funding will be disbursed upfront upon acceptance of the Letter of Award. The rest will be disbursed after you've successfully completed your project and submitted your project completion report and claims form.

Please refer to the details in the [FAQs](#).

How to apply?

The application takes about 30 mins to complete with all information on hand. All fields are mandatory unless otherwise stated.

We aim to share the outcome of your application within 8 weeks.

As we are currently receiving a high volume of applications, we seek your understanding that more time may be needed to review your application during this period.

 DOCUMENTS REQUIRED FOR APPLICATION

You will need to complete and submit the following documents:

- [SGPF \(Sprout\) Budget Template \(XLSX 21 KB\)](#)
- For individuals: CV and bios of applicants, yourself and partners/collaborators
- For organisations: CV or biographical information of key personnel and Board Executive Committee members

Total upload size per submission must not exceed 50MB.
